**STUDENT AGREEMENT ERASMUS MUNDUS JOINT MASTER 'BIOPHAM'**  
**Student recipient of an Erasmus+ Joint Master Course scholarship**  
*Academic Year 2026-2027*

Between the Coordinating institution, the University of Lille, France, represented by its President,  
**Prof. Régis BORDET**  
represented by **Prof. Frédéric Affouard**

Faculté des Sciences et Technologie  
the University of Lille  
Cité Scientifique  
59650 Villeneuve-d'Ascq, FRANCE

On behalf of the BIOPHAM Consortium by the following universities:

- the University of Pisa, Italy
- the Polytechnic University of Catalunya, Spain
- the University of Silesia in Katowice, Poland

And the Student

Surname (ex. SMITH): \_\_\_\_\_

First name (ex. John): \_\_\_\_\_

Date of birth (day/month/year): \_\_\_\_\_ Place of birth: \_\_\_\_\_

Nationality: \_\_\_\_\_ Passport number: \_\_\_\_\_

Agree in this contract under the following terms and conditions:

**General Conditions**

The Student commits himself/herself to attend the academic programme of the Bio & Pharmaceutical Materials Science European Master. Course starting on 1st September 2026, approved by the European Commission under Convention Number 101241095 having a duration of 2 academic years. The student declares to meet the requirements to follow the proposed academic programme, particularly that he/she holds a Bachelor (or equivalent) degree in ... and that he/she commits himself/herself to reach a minimum level of English language equivalent to B2 according to the levels defined by the Common European Framework of Reference for Languages (CEFR) before the starting of the programme. The universities will endeavor their best to provide the Student with tuition, supervision, assessment and support services of a professional standard. Relevant information concerning the structure and organization of the Master is published on the BIOPHAM website (<http://master-biopham.eu>).

The study tracks will have to be confirmed by the student and validated by the Educational Committee at the beginning of the 1<sup>st</sup> semester. During the two Master years, the Student must attend a minimum 30 ECTS in (at least) three (03) Degree-Awarding-Partner institutions:

- University of Lille, FRANCE
- University of Pisa, ITALY
- University of Silesia in Katowice, POLAND
- Polytechnic University of Catalunya, SPAIN

Project number: 101241095 — BIOPHAM — ERASMUS-EDU-2025-PEX-EMJM-MOB

Grant agreement number: 101241095

under the condition that the rule mentioned above is respected. At the end of the programme, the Student will receive multiple diplomas (national degree) each student will receive a common Joint Multilingual Diploma Supplement. This Diploma Supplement will mention the course units attended by the Student during the two BIOPHAM Master years and the ECTS grades obtained for each one.

### **Tuition and Scholarship conditions**

Tuition fees are: 9 000 € per year for both students from EU Member States or third countries associated to the programme and third countries not associated to the programme.

Selected students (scholarship holders and the first 30 non-scholarship holders) will not be charged tuition fees or other mandatory costs related to student participation during the two BIOPHAM Master years. Beyond the first 30 enrolled self-funded students, institutional costs apply for both students from EU Member States or Third countries associated to the programme and for students from Third countries not associated to the programme.

For fully granted students, the scholarship will be as follows:

- **1 400 € /month** for the entire period of the Master programme, including study, research, placement activities, thesis preparation and defense. This amount shall cover travel, visas, installation and subsistence costs.
- The maximum scholarship amount for the entire duration of the programme is 33 600 €.

The total allowances are **not a monthly unit**, meaning that they may be adjusted on a **pro-rata/per diem basis** of the actual number of presence days throughout the duration of the program.

The scholarship will be transferred to the bank account which the student will be requested to open after his/her arrival in Europe; consequently he/she will communicate to the BIOPHAM office in Lille the account's coordinates. The student is responsible for submitting the correct data regarding his/her bank account. In case of wrong communication, the relevant bank costs will be charged to the student. The scholarship does not create or entitle an employer-employee relationship between the University and the Student and therefore is not subject to direct taxation.

### **Management of the scholarship funds in case of course interruption**

In the eventual case of termination of the course:

the Student did not reach the minimum requirements to continue:

- lack of active participation (in the lectures, practical sessions, field trips, informative official meetings, internship, evaluation activities, etc.) due to personal reasons/choices that the Student cannot justify with medical certificates
- for which permission has not been granted by the BIOPHAM staff
- exclusion from the BIOPHAM due to serious infringement of the ethical code, etc.

The Student has to reimburse the portion of the amount he/she has received and that exceeds his/her actual insofar incurred expenditure, based on the number of months/days he/she attended and a copy of his/her 'return ticket'.

The amount to be reimbursed will be decided by the Programme Board of the BIOPHAM Master.

### **Health insurance coverage**

All students (scholarship holders and self-funded students) will be provided with health insurance during the whole period of the studies. This comprehensive insurance policy meets the specific regulations of the EACEA for EMJM students (health, travel, and civil responsibility and repatriation cost towards the country of the student, etc.). The student will be provided with the necessary documentation and information (e.g. coverage conditions, restrictions, helpdesk contacts, etc.) before the start of BIOPHAM and as soon as the final list of selected students is approved.

### **Complaints and amendments**

In case of complaints, the student may appeal to the BIOPHAM Programme Board. The student may initiate the complaint through the student representative, selected by and amongst BIOPHAM students, who is member of the BIOPHAM Advisory Board (advisory function for student related issues). The Programme Board aims to deal with all complaints in a fair and consistent manner and as quickly as the circumstances allow. However, for specific complaints about a specific service or facility provided by a Partner Institution, the student shall invoke the complaints procedure of that institution.

Any complaints arising in relation to BIOPHAM, or termination of studies, must be raised without delay and addressed to the attention of the Coordinator. The Secretariat will amend the agreement on an ad hoc basis in case of temporary termination, e.g. on the grounds of health reasons.

In case of scholarship interruption, the Programme Board will address the situation on a case by case basis. Any amendment or update to the current agreement shall be communicated in writing and signed by the parties.

## Plagiarism

BIOPHAM does not accept plagiarism. All students are expected to be familiar with and fully respect the rules regarding plagiarism at their Y1 and Y2 institutions. The institutions of the BIOPHAM consortium have a policy of actively informing on their non-acceptance of plagiarism and the associated institutional-level sanctions. All cases of plagiarism shall be reported to the BIOPHAM Coordinator. Plagiarism may lead to exclusion from the programme according to the regulations of the host institution and the BIOPHAM Programme.

## Consent for use of student's image

During the BIOPHAM program you may be photographed and/or filmed. Those images are used in BIOPHAM promotional tools. In order to disseminate those images in our communication tools, we need your agreement.

I agree that recorded images of me (photographs, audio or video images and recordings) taken during academic activities can be used in hard copy or digital form for any of the following purposes:

- the promotion, communication and dissemination of BIOPHAM activities and programmes. These may be used on the BIOPHAM website, leaflets, posters, social media, display screens and presentations
- the promotion, communication and dissemination of BIOPHAM activities and programmes. These may be used on the BIOPHAM website, leaflets, posters, social media, display screens and presentations
- generate training materials (e.g. eLearning resources, on-line learning materials, and similar materials. These may be used by BIOPHAM students, shared with other individuals involved in BIOPHAM and may be presented at conferences)
- duration of authorization: the duration is effective for the duration of the exploitation of the targeted media

I don't want my image to be used as described above. I ask that my face is blurred in case it is recognizable on a photograph or a screen shot (apart from crowd shot for which no authorisation is necessary).

## Collection and processing of personal data

The European Education and Culture Executive Agency (EACEA), in the context of managing the Erasmus Mundus Joint Master Degrees, collects and processes the personal data of some of the candidates. In particular, certain data of the scholarship holders (students and scholars), non-scholarship holders and reserve list candidates is shared with the Agency through the EACEA Mobility Tool and treated according to the following privacy statement.

By signing this agreement, the student authorizes the use of his/her personal data in activities related to BIOPHAM. All personal data contained in the agreement shall be processed in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation). Such data shall be processed in connection with the implementation and follow-up of the BIOPHAM project by the Partner Institutions, EACEA and the European Commission, without prejudice to the possibility of passing the data to the bodies responsible for inspection and audit in accordance with EU legislation.

The student may, on written request, gain access to his/her personal data and correct any information that is inaccurate or incomplete. He/she should address any questions regarding the processing of his/her personal data to [master-biopham@univ-lille.fr](mailto:master-biopham@univ-lille.fr).

## Modification of the contract and dispute resolution conditions

Any conflict among the Parties signing this contract should be brought to the attention of the BIOPHAM programme coordinator, who will decide on the best way to resolve it. Without prejudice to the general consequences laid down in national law applicable in the present contract, the University of Lille - as coordinating institutions - reserves the right to cease the effects of the present contract, without recourse to any juridical procedure apart from adequate communication to the Student. Any alteration of the present contract or respective Appendices must be communicated in writing. The signatories declare that they have read and accept the conditions laid down in the present contract.

I acknowledge having read, agreed with and committed to comply with all articles of this agreement.
