88 EMJMD scholarships (11 for programme countries, 77 for partner countries) were allocated to the BIOPHAM programme by EACEA for 5 years (2021/2026) corresponding to 4 cohorts of students.

21 scholarships have been awarded for this first cohort: 2 from programme countries applicants and 19 from partner countries applicants.

This number is not fixed and may vary from year to year.

RESERVE LIST

APPLICANT N°	COUNTRY	GENRE	SCHOLARSHIP	RANKING
333	EGYPT	M	PARTNER	22
351	ECUADOR	M	PARTNER	23
227	CHINA	F	PARTNER	24

The scholarship candidates on the reserve list can receive an EM scholarship only in case of withdrawal of a student from the main list. The replacement of a "mainlist" student by a "reservelist" can be effected only if she/he is replaced by the first eligible candidate on the reserve list. In this particular case, attention should be paid to the EMJMD condition concerning the nationality of the reserve list candidate and to the rule regarding the presence of a maximum of three nationals from the same country among the scholarship holders for a given category of students (Programme/PartnerCountry). In this case (i.e. there are already three other students with the same nationality on the main list), the consortium will have to take the next eligible candidate respecting its ranking list.
